SRM Institute of Medical Sciences, Chennai,
India

PATRONS

Dr. Muralidharan S.

Prof. Emeritus, GKNM Hospital

Dr. Ragupathy Veluswamy

Chief Executive Officer, GKNM Hospital

Dear Friends,

Welcome to the 21st edition of liveSURGE. The focus this year would be on the Aortic Valve, Root and Zone Zero. We strongly believe that live workshops when conducted well, offers the best learning experience of an operative technique as it engages the participants in the thought process of the surgeon.

Aortic valve conservation and root procedures are still not widely prevalent and we hope this course will enhance the confidence and knowledge of the surgeons to pursue it more. Based on the feedback we plan to reduce the number of live cases and spend more time on discussions to enable proper understanding of the concepts and techniques.

Looking forward to seeing you at Coimbatore on 1st & 2nd December 2023.

Warm Regards,

Dr. Chandrasekar Padmanabhan
Course Director
